OBJECTIVE

Computer Science undergraduate with hands-on experience in full-stack web development using React.js, Node.js, Express.js, and databases. Skilled in C++ and Data Structures and Algorithms, with practical experience building web applications and integrating REST APIs. Seeking software development internships to contribute to real-world projects and strengthen backend engineering and problem-solving skills.

EDUCATION

B.Tech in Computer Science and Engineering 2025 – 2029
KIET Group of Institutions, Ghaziabad, Uttar Pradesh
Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems

Senior Secondary (Class 12th), Maharshi Arvind Vidya Mandir, Kushinagar 2024
Stream: Science PCM
Percentage: 85.66%

Secondary (Class 10th), Maharshi Arvind Vidya Mandir, Kushinagar 2022
Percentage: 90%

TECHNICAL SKILLS

Languages	C++, C, Python, JavaScript
Frontend	HTML5, CSS3, React.js, Tailwind CSS, Responsive Design
Backend	Node.js, Express.js, REST APIs, JWT Authentication
Databases	PostgreSQL, MongoDB, Prisma ORM, Mongoose
Tools	Git, GitHub, VS Code, Postman, Vite
Core Concepts	Data Structures and Algorithms, DBMS, API Integration

PROJECTS

CampusHub – Learning Management System 2026
React.js, Node.js, Express.js, PostgreSQL, Prisma ORM

- Developing a full-stack LMS with separate student and teacher workflows.
- Building course listings, course details, assignments, quiz attempts, and assignment submission workflows.
- Implementing REST API endpoints, authentication middleware, and database models for application features.
- Creating responsive user interfaces using React and Tailwind CSS.

Weather Application 2025
HTML, CSS, JavaScript, Weather API

- Developed a weather application that retrieves weather information using an external API.
- Used asynchronous JavaScript and DOM manipulation to display dynamic weather data.
- Deployed the application using GitHub Pages.
- **Live Demo:** Weather App

PROBLEM SOLVING AND INTERESTS

- Practicing Data Structures and Algorithms using C++ and solving coding problems on LeetCode.
- Interested in full-stack development, backend engineering, AI security, and competitive programming.
